Celebration of Life

Birthdays are special occasions in a child's life. The Montessori teachers have a very unique way of celebrating. A poster with pictures of the child at every stage adds to the festivity and the importance of the child.

Parents are welcome to bring a snack and participate in the celebration. However, if the child becomes anxious at the departure of the parent then we strongly recommend that you take your child with you at that time. This is to prevent any disruption to the normal routine of the classroom.

We have prepared a list of food items keeping in consideration the needs of certain children.

1. Trail mix (no nuts)
2. Fruit cups or fruit on skewers
3. Finger sandwiches
4. Little cupcakes with light icing
5. Little muffins
6. Vegetables with dip
7. Cheese and crackers

If you decide to celebrate with us please contact us to set up the date and time. Please fill out the following information about your child. A few sentences about each year are adequate.

Time Line of Life.

Birth:	Place	Date	Important Event
--------	-------	------	-----------------

1st year –

2nd year –

3rd year –

4th year -

5th year -

6th year -
